CORPORATE PROFILE

LogixWaveAI

ARCHITECTING INTELLIGENCE

Your premier technology partner for Generative AI, Full Stack Development, Mobile Apps, and Advanced Cyber Security.

WHO WE ARE

LogixWaveAI LLP is a registered powerhouse of comprehensive digital solutions. We don't just specialize in one field; we master the entire technology ecosystem.

From building complex **MERN & .NET** architectures to engineering cutting-edge **RAG-based AI Agents** with **LangGraph**. We secure every line of code with rigorous **Ethical Hacking** protocols.

🚀 Innovation First

We leverage the latest in GenAI, Neo4j, and Deep Learning to automate and optimize business processes.

🛡️ Security Driven

Using tools like Kali Linux and automated testing, we ensure your digital assets are fortress-secure.

🌐 Cross-Platform Mastery

Seamless experiences across Web (React/Next.js/Bootstrap) and Mobile (React Native).

OUR EXPERTISE

Generative AI & Automation

Advanced

Custom LLMs, RAG Agents, LangGraph Automation, and Vector Search.

Python | LangGraph | Pinecone

Full Stack Web

Scalable

Enterprise apps using MERN, .NET Core, and Next.js with robust backends.

MERN | .NET Core | MySQL

Mobile App Dev

Native

Cross-platform apps on iOS & Android using React Native.

React Native | Expo

Ethical Hacking

Secure

Automated Security Audits, Penetration Testing & Vulnerability Assessment.

Kali Linux | Automation Tools

TECHNOLOGY STACK

AI, DATA & AUTOMATION

Python | LangGraph | LangChain | Neo4j | ChromaDB | Pinecone | Flask | FastAPI | GenAI | Deep Learning

WEB, APP & DATABASE

MERN Stack | .NET Core | Next.js | MySQL | MongoDB | Bootstrap | Tailwind CSS | React Native | Node.js

SECURITY, DEVOPS & AUTOMATION

Kali Linux | Automation Tools | Ethical Hacking | Docker | AWS | Git/GitHub | Linux

---

Why Choose Us?

We don't just write code; we architect solutions. Our unique blend of **Security, AI, and Full-Stack expertise** ensures that your product is not only functional but intelligent and secure by design.

READY TO SCALE?

Let's build something extraordinary together.
